

Exhibit at the 58th AAVLD Annual Meeting

October 22-28, 2015

Providence, RI

AAVLD is an association committed to developing new diagnostic techniques, establishing uniform diagnostic practices, and improving existing methods. It is imperative they know what equipment and products and tools are available to help them realize these goals.

*This is where your expertise is essential. If your company has a product to assist these diagnosticians with their research and veterinarians to make a diagnosis, then **YOU** should participate in this meeting.*

Exhibits are an important component to help achieve the overall purpose of the conference.

Meeting Dates: October 22-28, 2015

Exhibit Dates: October 24-25, 2015

New This Year: Virtual exhibits.

Every exhibitor will have a booth at the annual meeting PLUS a virtual booth from Sep 1, 2015 - Mar 31, 2016 through the app.

Reasons to exhibit at the AAVLD/USAHA ANNUAL MEETING

- ◆ Promote your company and product(s) to a specific audience.
- ◆ Meet laboratory directors and veterinarians from Universities all over the United States and Canada.
- ◆ Start a conversation with potential clients.
- ◆ Meet with clients to follow-up on the use of your product(s).
- ◆ Exhibiting opens the door to learning what potential clients want and need.
- ◆ Show ways your product can assist them.
- ◆ Attend scientific sessions to learn more about what is being researched.

Exhibit booths will be contracted at the rate of \$1,300.00 for each 10x10 square foot physical space plus a virtual booth in the app. Full payment should accompany the contract. The contract deadline is July 24, 2015.

The AAVLD and United States Animal Health Association (USAHA) Annual Meeting is the premier forum bringing you the latest in veterinary diagnostic laboratory science, animal health, and disease regulation policy throughout the United States.
