This year the program will continue to build on the fundamentals of a quality management system (QMS) for laboratory accreditation compliant with the AAVLD Requirements for an Accredited Veterinary Medical Diagnostic Laboratory, AC-1 Version 2016-07.

The content of this year's symposium will focus on practical implementation of QMS in specific laboratory sections within diagnostic laboratories. Laboratory disciplines covered will include:

The Immunology Laboratory

The Necropsy Floor

Information Technology

In addition, the Accreditation Committee and the Quality Assurance Committee will provide additional information about the AAVLD Accreditation Program

**Updates from the Accreditation
Committee**

**The most common nonconformances
seen in the last 5 years**

This symposium is recommended for all Laboratory Directors, Supervisors, Quality Managers and laboratory persons interested in the efficient and effective implementation of a Quality Management System.

Registration is required. Course materials and breakfast are provided by the National Animal Health Laboratory Network and the AAVLD Accreditation Committee.
